Citizen Participation - It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan - Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 Part 570.2 and CFR 24 Part 570)

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available;
2. Overall Benefit. The aggregate use of CDBG funds including Section 108 guaranteed loans during program year(s) 2004 (a period specified by the grantee consisting of one (1), two (2), or three (3) specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least seventy (70) percent of the amount is expended for activities that benefit such persons during the designated period;

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and,
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination Laws - The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

County of San Bernardino
Department of Economic and Community Development
290 North "D" Street, Sixth Floor

Check X if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace required by 24 CFR Part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

RESIDENTIAL ANTI-DISPLACEMENT AND RELOCATION ASSISTANCE PLAN

The County of San Bernardino will replace or if available, identify replacement dwelling units to replace all occupied and vacant occupiable low- and moderate-income dwelling units that have been demolished or converted to a use other than as low- and moderate-income housing, in connection with an activity assisted with funds provided under the Housing and Community Development Act of 1974, as amended, as described in 24 CFR 570.606(c)(1).

All replacement housing will be provided within three years after the commencement of the demolition or conversion. Before entering into a contract committing the County to provide funds for an activity that will directly result in demolition or conversion, the County will make public, by publication in a newspaper of general circulation, and submit to HUD the following information in writing:

1. A description of the proposed assisted activity;
2. The location on a map and number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than as low- and moderate-income dwelling units as a direct result of the assisted activities;
3. A time schedule for the commencement and completion of the demolition or conversion;
4. The location on a map and the number of dwelling units by size (number of bedrooms) that will be provided as replacement dwelling units. If such data are not available at the time of the general submission, the County will identify the general location on an area map and the approximate number of dwelling units by size and provide information identifying the specific location and number of dwelling units by size as soon as it is available;
5. The source of funding and a time schedule for the provision of the replacement dwelling units;
6. The basis for concluding that each replacement dwelling unit will remain a low- and moderate-income dwelling unit for at least ten (10) years from the date of initial occupancy;
7. Information demonstrating that any proposed replacement of dwelling units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units) is consistent with the housing needs of lower income households in the jurisdiction.

The County of San Bernardino Department of Economic and Community Development (ECD) at (909) 388-0800, in conjunction with the County of San Bernardino Department of Real Estate Services at (909) 387-7844, is responsible for tracking the replacement of housing and ensuring that it is provided within the required period.

ECD and Real Estate Services are responsible for ensuring requirements are met for notification and provision of relocation assistance, as described in 24 CFR 570.606(c)(2), to any lower-income person displaced by the demolition of any dwelling unit or the conversion of a low- and moderate-income dwelling unit to another use in connection with an assisted activity.

Consistent with the goals and objectives of activities assisted under the Act, the County will take the following steps to minimize the displacement of persons from their homes:

1. To the greatest extent feasible, develop new public facilities and improvements only on undeveloped sites.
2. Stage the rehabilitation of apartment units to allow tenants to remain during and after rehabilitation by working with empty units or buildings first.
3. Utilize existing voucher programs to house persons who must be relocated temporarily during rehabilitation.
4. Provide displaced homeowners and renters with information on the assistance available.

COUNTY RESPONSES

The federal regulations governing the Citizen Participation Process require that the plan document include a summary of any comments or views considered in preparing the Consolidated Plan, and include a summary of comments or views not accepted, along with related reasons.

The preceding Summary of Citizen Comments provides information about the comments or views that have been considered, and the comments or views that have not been accepted. The comments or views that have not been accepted have no corresponding proposal on file with the County, or pertain to proposals that have not been recommended for funding.

In all cases, the principal reason for no recommendation of funding for a proposal is the lack of sufficient CDBG funds to meet all needs and to finance all projects. Furthermore, having met the fifteen percent (15%) limitation on public service projects, the County is unable to consider additional public service proposals.
